

SP-WCH04 Wireless Charger

Features:

Small and precise, powerful performance, U-shaped arm clamp design is much firmer, which makes you unafraid of bumps in the road. Physical + induction buttons makes it easy to operate even with gloves. It has the function of preventing accidental touch, and it will automatically clamp after three seconds of accidental touch, making it more convenient to place the mobile phone. The wavy silica gel avoids the phone buttons, the bottom height can be adjusted, the size is compatible with a wide space, the size of the phone makes it easy to be held, the cool current LED light, the fast charging state is visible, the rear circulating heat dissipation hole keeps the device cool when charging, which has greatly reduced losses and increased heat dissipation and charging efficiency.

Specification:

item	value
Type	Electric, Wireless Charger, CAR CHARGER, Fast Charger
Usage	Mobile Phone
Material	ABS+PC
Brand Name	SURPASS
Model Number	SP-WCH04
Place of Origin	China
	Guangdong
Model	WCH04
Product size	113*64*50mm
Material	ABS+Silicone
Colour	Black
Input power	5V/2A 9V/2A
Output power	15W(MAX)
Effective distance of wireless charging	3~6mm
Conversion efficiency	≥ 70%
Working frequency	110-205KHz
Clip	Knob screw clip(clamp firmly)
